Basic Strategy: The TrackMaster F.A.S.T. Sheets assess each horse's probability of winning and produce acceptable (fair) odds for the contenders. As post time nears, if only one contender has odds equal to or higher than its acceptable odds (an overlay), then a wager on the horse to win is called for. If there are two overlays in a given race, a wager on both horses to win is indicated. If there are three or more overlays in a given race, a bet on the overlay with the largest (post-time odds to one)/(fair odds to one) ratio is indicated.

Exotic Strategy: At the back of every report, you will find the Exotic Wagering Suggestions. This section details tickets to play for Exactas, Trifectas, the Daily Double, etc. Use the plays to optimize your wagers on your favorite exotic bets. (Note: some of the plays for a specific exotic wager do require multiple tickets (A, B, C). This is to maximize the chances of cashing a ticket, while still keeping the cost down.)
